Goshen Motorsports Announces Levan, Utah based Company John Kuhni Sons, Inc as a Premier Sponsor for the Miller Motorsports Park Star Mazda Race May 17th 2008

Placentia, CA- Goshen Motorsports announced today that John Kuhni Sons, Inc. a Levan, Utah based company will be a premier sponsor for the 2nd round of the 2008 Star Mazda Championship presented by Goodyear at Miller Motorsports Park, Tooele Utah Saturday May, 17th. The # 82 car piloted by Billy Goshen will bear the John Kuhni Sons, Inc. logo. Bill Goshen team owner said "we are especially pleased to have John Kuhni Son's as a sponsor for this race." "It is very valuable to have local companies not only supporting the racing industry, but also understanding the economic worth this event will bring to the local economy." "The Miller Motorsports Park is one of the finest open wheel racing facilities in the United States and also one of the fastest." John Kuhni Sons President Kevin Kuhni says "I have been a race fan for quite some time and understand the commitment it takes to run a team, especially since my son raced motocross for many years." "It is an honor to be joining with Goshen Motorsports for the upcoming event at the Miller Motorsports Park in Tooele, Utah."

John Kuhni Sons, Inc. has a long history of serving Utah that began in the 1920's. Kevin Kuhni, President said "The Provo valley was home to our facility for the greater part of that time." "In December 2004, we moved into a new modernized facility located in Mills, Utah in Juab County."

John Kuhni Son's is the only independent rendering plant serving Utah. With their current employment in excess of 50 people, John Kuhni Son's is a major contributor to the local economy. In addition to managing the family owned operation, Kevin Kuhni has been very active in furthering the rendering industry. Kevin is a past president of the Pacific Coast Renderers Association and serves as Chairman of the Board for the National Renderers Association, as well as, a number of committees.

Rendering is the safest and most environmentally friendly means to dispose of animal by-products using a process which converts animal by-products generated from meat slaughter facilities, including dead stock, into usable commodities. These commodities are used in over 3,000 industrial and consumer products, including rubber, plastic, textiles, chemicals, paint, cosmetics, explosives, and animal feeds. For more information about John Kuhni Sons, Inc. please call 435-758-7600.
