THREE IN TOP TEN FOR MUNDILL Displaying Talent

(Elkhart Lake, Wisconsin) August 8th, 2008 – During today's Round Six qualifying session, three Mundill drivers drove their way into the top ten for Saturday's Generac 500. Alex Ardoin has been running consistently quick all week long. Being plagued with a stomach flu, he was still able to qualify sixth with a 2:06.406. "It was hard to concentrate more than a few laps at a time," said Ardoin.

After a series of mechanical issues that ultimately lead to an engine change Scott Rettich's number 17 was able to take to the track; qualifying seventh with a time of 2:07.105. Rettich's qualifying time was made more impressive, due to the fact that he had lost vast amounts of track time. The young Brazilian, Caio Lara made his way into eighth with a 2:07.135. Before qualifying Lara said that he was looking to "focus more, concentrate, and analyze the data," to find where he could pick up time. Misfortune struck Dave Mundy in turn 11 or the 'kink'. While being passed, Mundy was caught on the outside. Running out of room Mundy found himself in the wall. Mundy was unharmed, and will be able to race tomorrow.
