

Successful testing for Mundill and Anders Krohn

February 12th, 2009 – Angleton, Texas

Just under a month has passed since Anders Krohn and Mundill announced that they would be teaming up for the 2009 Star Mazda Championship presented by Goodyear. On January 27-28, Star Mazda held its first official test of the season at Sebring International Raceway in Florida, an excellent opportunity for Mundill and Krohn to start their co-operation for the upcoming season.

Throughout the test, Mundill continued to improve the car, and Krohn built confidence with each lap gone by. Having a substantial list of items to be tested, Mundill methodically worked their way through the program, and ended the last session of the second day as third quickest. The test was an encouraging start to the pre-season testing program, which will continue at Mundill's base, MSR Houston.

Anders Krohn has also recently signed a sponsor deal with Antenor, a Business, Health, Safety, Environment and Quality Management Systems company. With offices both in Norway and the U.S., Antenor is rapidly growing into a powerhouse in its field, and joining forces with Anders Krohn is part of their marketing campaign. You can read more about Antenor at www.antenor.no/houston

Trallfa Industries and Colosseum Dental is entering their third season playing host as main sponsors for Krohn, and they are being joined by long time sponsors and partners SR Transport, ZAT Graphics and WVl Engineering, with Antenor now joining the team.

Said Anders Krohn about recent activities: *“The test at Sebring went very well both for the team and me. Our testing program was massive considering the track time we had, but Mundill’s crew worked flat out, logged a ton of data, and improved the car massively. I already feel at home with the team, and we are all looking forward to the upcoming tests as well as the season.*

Also I’m very proud to link up with Antenor, and it’s great to not only have progression on track, but also in the associate’s arena.”

The first round of the Star Mazda Championship presented by Goodyear will be held on March 20 at Sebring International Raceway, FL.
