LRM to Represent Juncos Racing in Brazilian Driver Search

Brownsburg, IN (November 27, 2012) – Juncos Racing is pleased to announce Brazilian based Lacaille Race Management (LRM) will officially represent the team in search for new young Brazilian drivers to bring into the Mazda Road to Indy program. This union will give Juncos Racing and LRM the opportunity to transition Brazilian drivers into the next level of their racing career within the United States.

Developing drivers from across the world, Ricardo Juncos is focused on adding young

Brazilian drivers to Juncos Racing and is confident Brazil can produce champions in the American market. Juncos believes that the partnership with LRM will give Brazilian drivers the guidance they need in order to transition into the culture, language, and lifestyle of United States.

“It is an honor for Juncos Racing to be represented in Brazil by LRM, a very serious and recognized company that knows Brazilian motor racing,” said Juncos. “This agreement will take our team closer to the Brazilian driver’s market that is one of the best in the world when you talk about young talented drivers. We are very confident that with this partnership, not only our team, but Brazilian drivers will be benefited. We will work very close with LRM to guarantee a great platform for the introduction of drivers in the Road to Indy.”

Joir de Lacaille, Director of LRM, sees a great opportunity to represent Juncos Racing in Brazil. Through LRM, Lacaille has developed a prestigious name among Brazilian drivers by giving the full support they need to advance to the next level of their careers.

“I’m very happy to represent the Juncos Racing team in Brazil,” said Lacaille. “This is an incredible opportunity for LRM to be a partner of one of the best teams in the Mazda Road to Indy program. They have a very modern work philosophy, always focusing on driver
