

## **Star Mazda Pre-Event Information**

**June 4, 2012**

**Dear Star Mazda Participants:**

Welcome to the 2012 Honda Indy Toronto. The following document will assist in providing information regarding the Star Mazda Paddock.

The Star Mazda Paddock will be located inside the Direct Energy Centre Building in Hall B and Hall C. Due to regulations set forth by building ownership, generators can only be run for the unloading or loading of race cars and equipment where a tail-lift is required. Each team requiring power must order through the Exhibitor Services Department at Exhibition Place. The cost for power drops is in the attached document titled "Indoor Electrical". Please ensure that you reserve your power drop prior to June 18<sup>th</sup>, 2012 to secure the preferred rate.

If there are any questions or concerns, please contact me at (647) 684-2670 or [mgaid@hondaindytoronto.com](mailto:mgaid@hondaindytoronto.com)

We look forward to seeing you in July on the Streets of Toronto.

Sincerely,

Michael Gaid  
Event Operations Coordinator
